EMPOWERING INDIA THROUGH KNOWLEDGE

POSHERI - WADA

“ Education is not the amount of information that we put into your brain and runs riot there, undigested, all your life. We must have life building, man making and character making assimilation of ideas. If you have assimilated five ideas and made them your life and character, you have more education than any man who has got by heart a whole library... ”

- Swami Vivekananda (1863 - 1902)

Success comes when preparation meets opportunity.
